 A/P:-SONAVADI-GAJAVADI. SAJJANGAD ROAD, TAL & DIST: SATARA

Department of General Science & Humanities
Student Feedback Analysis Academic Year 2019-20 , Semester-I

Question No.1	The curriculum provides the basis of fundamental knowledge of professional engineering.
Question No.2	The curriculum aimed for Identification ,Formulation,Analysis,design and solution of the Engineering problem/s.
Question No.3	The computational and logical components/s is covered in the syllabus.
Question No.4	The practical component / to improve skills is covered in the syllabus.
Question No.5	The curriculum provides the foundation required for research,innovation,product development abilities.
Question No.6	The curriculum increases environmental consciousness, importance of human values and awareness of ethical values.
Question No.7	The curriculum provides sufficient multidisiplinary aspects.
Question No.8	The curriculum covers the required courses for Higher studies Entrepreneurship/Employability.
Question No.9	The curriculum incorporates the new technological advances.
Question No.10	The curriculum emphasize on the usage of computing facilities.

Academic Year 2019-20

Action taken based on Students and Teachers feedback on Curriculum

Sr. No.	Particulars	Recommendations based on feedback analysis	Actions Taken
1	1.solution of complex engineering problems. 2.Computational components covered in the curriculum 3.Practical components covered in the curriculum	As FY B Tech curriculum is built on fundamentals of basic and Engineering Science. It is required to develop critical thinking and psychomotor skills among the students	1. Open ended problems in analytical courses. 2. Arrange extra lecture / remedial lecture to cover more computational components 3. Use of virtual laboratory
2	Foundation required for research, innovation, product development abilities	It is required to inculcate learning skills among the students like cognitive, Affective and psychomotor skills	1. Motivate students for registration of NPTEL / SWAYAM courses through institute domain

			2. Motivate students for Spoken Tutorial.
3	New Technological advances	Organize expert lectures from industry and field training	<ol style="list-style-type: none"> 1. motivate Students for online as well as physical Internship to improve skill development 2. Motivate students for making projects based on cross curricular subjects.

Academic Year 2019-20

Action taken based on Students and Teachers Feedback on Curriculum

Sr. No.	Particulars	Recommendations based on feedback analysis	Actions Taken
1.	The curriculum provides the foundation required for research, innovation, product development abilities.	Incorporate guest lectures, industrial visit that have any new techniques introduced.	-A guest lecture was conducted on topic performance evaluation of fluidized bioreactor & membrane bio reactor for wastewater treatment plan. -A site visit to Bridge Construction, Patan was conducted.
2.	The curriculum emphasizes on the usage of computing facilities.	Incorporate tools like google classroom, video conferencing aids.	-Use of google classroom, google meet for conduction of lecture, practical.
3.	The practical component/ to improve skills is covered in the syllabus.	Conduct the Industrial visits, workshops etc. to incorporate hands on practical sessions.	-A guest lecture was conducted on topic opportunities for civil engineers in Civil Services. -An industrial visit was conducted to Solid waste processing plant, Karad and Water treatment plant at Satara. -A site visit to DP's Karishma Park, Satara for building construction was conducted

STUDENTS FEEDBACK

Year of Admission: 17-18

Academic Year: 19-20

Sr. No.	Particulars	5	3	1
Rate the following on the scale as - (5:Strongly Agree, 3:Agree, 1: Moderate)				
1	The curriculum provides the basis of fundamental knowledge of professional engineering.		✓	
2	The curriculum aimed for Identification, Formulation, Analysis, Design and solution of the Engineering problem/s.		✓	
3	The computational and logical component/s is covered in the syllabus.		✓	
4	The practical component/ to improve skills is covered in the syllabus.		✓	
5	The curriculum provides the foundation required for research, innovation, product development abilities.	✓		
6	The curriculum increases environmental consciousness, importance of human values and awareness of ethical values.	✓		
7	The curriculum provides sufficient multidisciplinary aspects.		✓	
8	The curriculum covers the required courses for Higher studies / Entrepreneurship / Employability.		✓	
9	The curriculum incorporates the new technological advances.		✓	
10	The curriculum emphasize on the usage of computing facilities.		✓	

Please feel free to mention additional comments:

STUDENTS FEEDBACK

Year of Admission:

Academic Year:

Sr. No.	Particulars	5	3	1
Rate the following on the scale as - (5:Strongly Agree, 3:Agree, 1: Moderate)				
1	The curriculum provides the basis of fundamental knowledge of professional engineering.	✓		
2	The curriculum aimed for Identification, Formulation, Analysis, Design and solution of the Engineering problem/s.	✓		
3	The computational and logical component/s is covered in the syllabus.		✓	
4	The practical component/ to improve skills is covered in the syllabus.		✓	
5	The curriculum provides the foundation required for research, innovation, product development abilities.	✓		
6	The curriculum increases environmental consciousness, importance of human values and awareness of ethical values.	✓		
7	The curriculum provides sufficient multidisciplinary aspects.	✓		
8	The curriculum covers the required courses for Higher studies / Entrepreneurship / Employability.	✓		
9	The curriculum incorporates the new technological advances.		✓	
10	The curriculum emphasize on the usage of computing facilities.	✓

Action Taken Based on Students Feedback on Curriculum

A.Y. 2019- 20

Sr. No.	Particulars	Summarised Recommendations based on analysis of Feedback by Students on Curriculum	Actions Taken
1	Required courses for Higher studies/Employability/Entrepreneurship development	1.Workshops/ Seminar on Soft Skill/Communication Development	1.Plan for various seminars/Workshops/SDP's through Department. 2.Plan students internships/ Vocational Trainings.
2	New Technological Advances/ Practical Component in the Curriculum.	1.Add on Programs / Workshops / Seminars on thrust areas in all programmes to be conducted.	1.Planned events / Workshops through Industry Institute collaboration. 2.Submitted and sanctioned the proposals for various workshops through university funding scheme such as Lead scheme.
3	Foundation for Research, Innovation, product development abilities.	1.Enhance utilisation of industry supported/ sponsored labs., incubation center¢er of Excellence facilities.	1. Planned Events, Workshops through incubation center¢er of Excellence facilities.

Sajjangad Road Satara,

Respected sir,

Curriculum feedback from the students is taken for academic year 2019-20odd semester. Following points are mentioned for your perusal. Analysis of semester wise syllabus is enlisted in the table below.

Sr. No.	Affiliated University	Semester	Percentage Feedback
1	DBATU, Lonere	III	72.48%
		V	80.28%
2	SUK, Kolhapur	VII	82.02%

- 3) Feedback given by student is more than 75.00%
- 4) Students are satisfied by the curriculum of Electronics & Telecommunication Engineering.

Sr No	The curriculum provides the basis of fundamental knowledge of professional engineering.	The curriculum aimed for Identification, Formulation, Analysis, Design and solution of the Engineering problem/s.	The computational and logical component/s is covered in the syllabus	The practical component/ to improve skills is covered in the syllabus.	The curriculum provides the foundation required for research, innovation, product development abilities	The curriculum increases environmental consciousness, importance of human values and awareness of ethical values.	The curriculum provides sufficient multidisciplinary aspects.	The curriculum covers the required courses for Higher studies / Entrepreneurship / Employability.	The curriculum incorporates the new technological advances	The curriculum emphasize on the usage of computing facilities.

Students feedback analysis 2017-18 (V Semester - ODD)

- Fundamental knowledge
- Identification, Formulation, Analysis, Design & Solution
- Computational & logical components
- Practical components
- Foundation for Research, Innovation
- Environmental conscious
- Multidisciplinary aspects
- Required courses for Higher Studies/Entrepreneur/ Employability
- New Technological advances
- Uses for computing facilities

Head of Department
MECHANICAL ENGINEERING (DEGREE)
