## About Us...

### **Raosaheb Wangde Master Charitable Trust, Mumbai :**

A great visionary & Hon. Chairman, Mr. Dnyaneshwar B. Wangde (Bhai), founded the 'Raosaheb Wangde Master Charitable Trust' in the year 1994. The trust aims at the betterment of society, especially the rural sector. This trust has contemplated that strengthening the education, finance, and health of the people is the key to empowering the society. In accordance with this, the Shivashyadri Sahakari Patpedhi Ltd. is providing financial support to strengthen the socioeconomic status of people. The trust also financially supports students from the weaker section of society. The Dnyanshree Institute of Engineering & Technology and two Shivashyadri Schools are imparting quality and useful education in Satara. Other services of trust, such as Shivshyadri ambulance service, are functional to cater to the needs of society.

**Vision :** Be a leading contributor for the betterment of the society forever.

#### **Mission :**

- To enrich lives of people through creation and development of essential facility majorly in countryside.
- To build sustainable livelihood of the people pertaining to education, skills and health.
- To inculcate values and ethical practices through organisation of various programs, events for enhancing societal responsibility.

### **Dnyanshree Institute of Engineering & Technology, Satara :**

A scenic and pleasant campus of Raosaheb Wangde Master Charitable Trust's "**Dnyanshree Institute of Engineering & Technology (DIET)**", Sajjangad Road, Satara, was established in the year 2012 by a great visionary Hon. Chairman Mr. Dnyaneshwar B. Wangde (Bhai). This award-winning institute meticulously taking efforts to excel in academics, skills developments, research, innovations and incubation by developing conducive ecosystems. The prime focus of the institute is on the holistic development of students and accordingly all complimentary processes are enriched through well experienced & Qualified faculties; staff; modern and well-equipped laboratories, state of the art computing systems and software's, splendid library, digital library, workshops, incubation centre, Artificial Intelligent and Data Science Center, Computer Center, Soft skills Center, RedHat Laboratory etc. Practices alike project-based learnings, value added programs, various types trainings, workshops etc. are keeping the campus vibrant.

#### **Vision :**

To be a renowned multidisciplinary engineering and technological institute for holistic and sustainable development of the society.

#### **Mission (Degree) :**

- To increase awareness among rural society about the importance of engineering education.
- To strengthen eco systems for knowledge and skills pertaining to contemporary industry standards.
- To promote research, innovation, incubation, extension and collaborative culture.
- To inculcate the values through ethical and professional practices among stake holders for development of socially responsible engineering graduates.

#### **Mission (Diploma) :**

- To increase awareness among rural society about the importance of engineering education.
- To strengthen eco systems for knowledge and skills pertaining to contemporary industry standards.
- To promote innovation, incubation, extension and collaborative culture.
- To inculcate the values through ethical and professional practices among stake holders for development of socially responsible engineering graduates.

## Chairperson's Forewords...

### Greetings!

The better the society, the stronger the country.

I am always inspired by the distinct social contributions of Late Shri. Raosaheb Bhausaheb Wangde Master and Late Shri. Bapusaheb Ramchandra Wangde. To continue this legacy, the Raosaheb Wangde Master Charitable Trust was established in the year 1994.

Empowering the youth with legitimate education builds a stronger society. It is evident that the majority of youth especially from rural areas approaching cities for education purpose, which may be unaffordable to them. Lack of facilitation near their places is the one of the major reasons.

In this scenario, we decided to establish educational institutes at rural sector. In today's emerging scenario, technological education plays a vital role. Our Dnyanshree Institute of Engineering and Technology (DIET) is therefore established at the base of holistic fort Sajjangad. The institute's modern campus creates complementary environment for the education. We emphasis on appointing expert and experienced teachers to impart quality education. The well-facilitated institute eternally develops competent and socially responsible engineers. Students are either becoming entrepreneurs or serving in public sectors and in national/multinational companies. Some of them are pursuing higher education in India or abroad.

Thank you.

**Mr. Dnyaneshwar B. Wangde (BHAI)**

Founder & Chairman

## From the Principal's Desk...

- B.E. (Electronics), M.E. (Electronics Engineering)
- Ph.D. (Electronics Engineering)
- LMISTE, LMISI
- Experience : 38 Years  
(R & D Engineer, Consultant & Teaching)
- 50+ Research Publications
- Two Utility Patents Granted
- **Former Member**, Academic Council, DBATU, Lonere
- **Former Member**, Academic Council Sharad Institute of Technology' COE, Ichalkaranji.
- **Member**, Board of Studies, KIT College of Engineering (E&TC) Engineering, Kolhapur.
- **Approved Ph.D. Guide**

### Greetings !

The state-of-the-art campus of 'Dnyanshree Institute of Engineering & Technology' is established on the western side of the historic city of Satara. Hon. Chairman Mr. Dnyaneshwar B. Wangde (Bhai) has founded the institute for holistic development of engineering aspirants.

This accredited institute continually assesses students' requirements, recent and future market trends, technological changes, societal needs, facilitation, and, importantly, the complementary efforts needed for quality engineering education. In accordance with this, the institute is making efforts to imbibe knowledge-based skills and improve the thinking ability of the students in an ethical manner.

The painstaking efforts of the institute nurture the young aspirants with valuable education. Strategically devised pedagogical practices and strong collaborations with industries, social organizations, and renowned academic institutes help students build their careers brightly.

A well-facilitated institute campus includes the Red Hat laboratory, Mitsubishi Electric's "Factory Automation Skill Development Center," the e-Yantra robotics laboratory in association with IITB, the DIIC-supported incubation center, the dedicated artificial intelligence and data science center, etc. Industry-sponsored laboratory trainers and kits have enriched some of the institute laboratories. The institute is offering internships to students through IBM, eduskill and other industries.

The institute imparts outcome-based multidisciplinary education through quality teaching-learning processes, project-based learning, value-added programs, research and development, innovation, internships, sports & cultural activities, societal and extension activities, various student clubs, etc.

The academic results, placements, and memorable achievements at the state/national level of the institute are witnessing the truthful and genuine efforts of management, teachers, staff, students, alumni, and other stakeholders.

**Thank you.**

**Dr. Ajay Dadasaheb Jadhav**

Principal,  
RWMCT's Dnyanshree Institute of Engineering  
and Technology, Satara

## Initiatives in association with IITs :

**Bodhi Tree :**  
Accessible quality technical education for all through flexible and hands on learning

**NPTEL : Local Chapter :**  
NPTEL provides E-learning through online Web and Video courses

**Virtual Lab :**  
Approximately 700+ web enabled experiments were designed for remote-operation and viewing

**IIT Remote Centre**  
NPTEL provides E-learning through online Web and Video courses

## Initiatives in association with MHRD :

**SWAYAM :**  
Seeks to bridge the digital divide for students

**SWAYAM PRABHA :**  
A group of 32 DTH channels devoted to telecasting of high-quality educational programmes on 24X7 basis

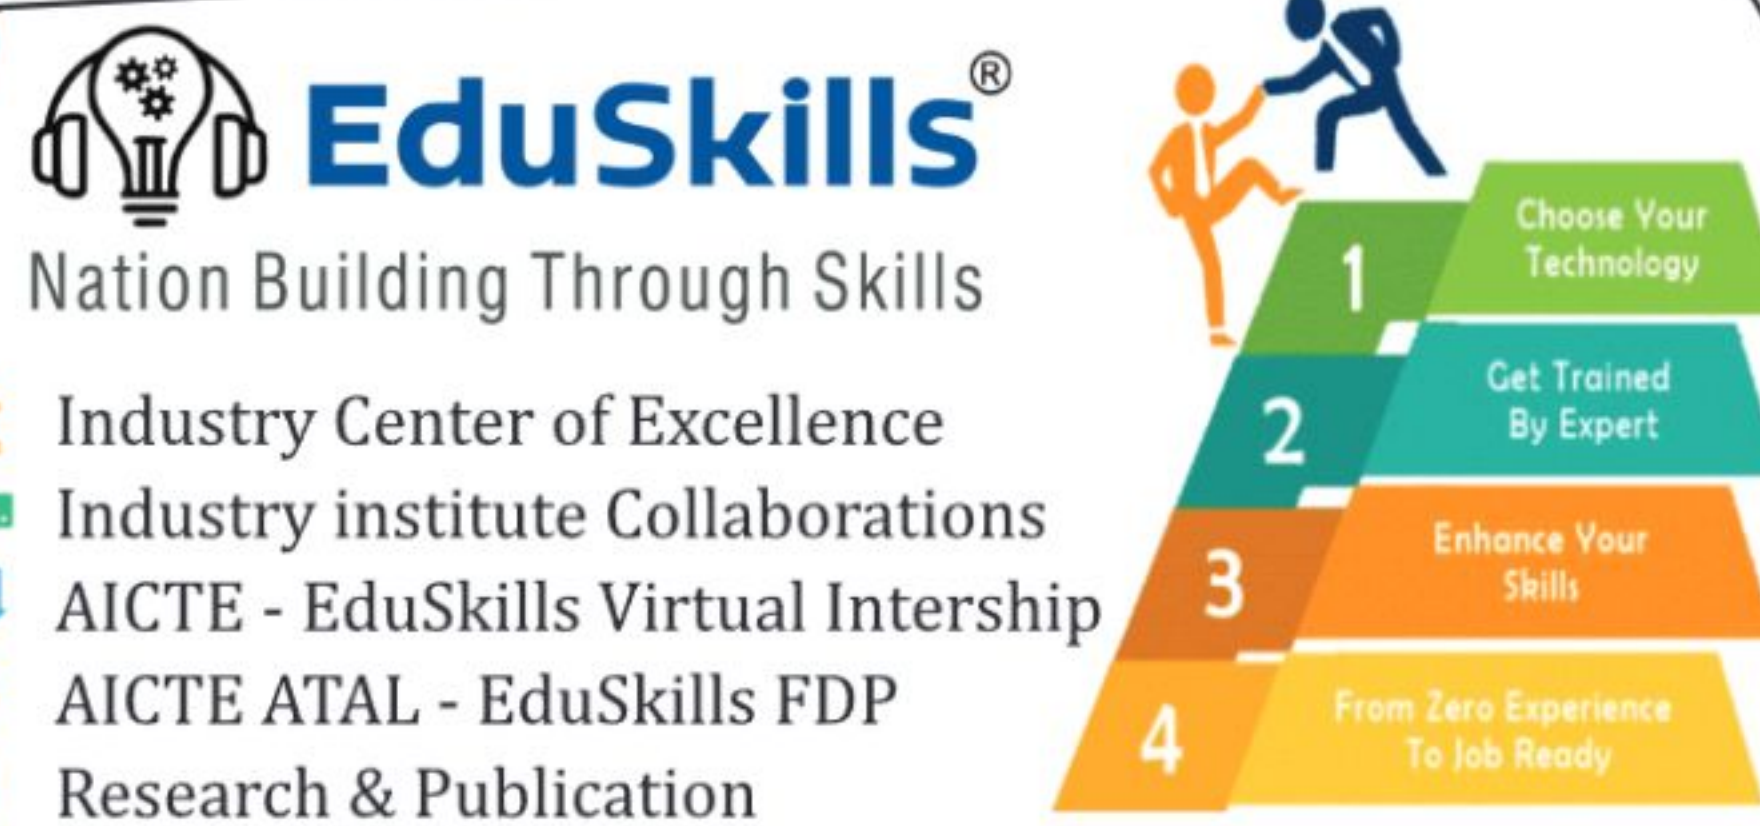

**NATS :**  
Equipping technically qualified youth with practical knowledge and skills required

**e-Yantra :**  
Create the next generation of embedded systems engineers with a practical outlook to help provide practical solutions.

## Initiatives in association with EduSkills :

**EduSkills®**  
Nation Building Through Skills

- Industry Center of Excellence
- Industry institute Collaborations
- AICTE - EduSkills Virtual Internship
- AICTE ATAL - EduSkills FDP
- Research & Publication

1 Choose Your Technology  
2 Get Trained By Expert  
3 Enhance Your Skills  
4 From Zero Experience To Job Ready

## IBM Skill Build Program :

CSRBOX is India's leading CSR knowledge and impact intelligence-driven media platform for the development community. It serves as an enabler, encouraging collaboration and partnerships between CSR stakeholders.

- Professional Skills
- Psychometric Skills
- 21st Century Skills
- Government Collaborators
- Network with Global Leaders
- Employment Opportunities
- Subject Relevant Skills
